## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 4, 5 and 7-14 are rejected under 35 U.S.C. 102(b) as being anticipated by Kraan '792.

There is disclosed in Kraan a beverage preparation apparatus, comprising: a holder 4 for supporting a coffee cartridge, the holder having an inlet 24 and outlet 20, the outlet forming a nozzle 22; a hot water means 38, 40, 42 for supplying hot water under pressure; a first buffer reservoir 28 having a first outflow path 30; a second buffer reservoir 25 having a second outflow path 26, the second buffer reservoir forming an impact surface (bottom of housing 32) positioned relative to the first buffer reservoir; wherein, if desired, the first buffer reservoir can be removed from the second reservoir.

In regards to the first buffer reservoir being removable, it is apparent that the buffer reservoir of Kraan could be removed by some means if so desired.

In regards to the presence of creamer within the first buffer reservoir, such is a desired used and provides no structural limitations to the claims.

### ***Response to Arguments***

Applicant's arguments filed 08 November 2007 have been fully considered but they are not persuasive. Applicant argues that the Kraan reference fails to disclose a

buffer reservoir that is removable from the apparatus. This point has been addressed in the rejection of the claims.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
